WE EMPOWER OUR STUDENTS TO ACHIEVE SUCCESS

Moulding Scholars, Leaders and Global Citizens for the 21st Century

"The world we live in is constantly affected by the effects of globalisation and frequent technological advancements. These forces will drive the changes in the current times and shape our future. SISB prepares our students for this fast-paced world by equipping them with holistic, 21st-century skills that will enable them to thrive and succeed in various roles."

Scholars

By using the best curricula from around the world, our team of highly qualified and experienced educators equip students with knowledge for the 21st century, such as problem-solving skills, critical thinking skills and communication skills, among others, in addition to academic knowledge. SISB unlocks the true potential of our students to compete on a level playing field with not just the best in Thailand, but around the world as well.

SISB SCHOOLS: OUR CAMPUSES

Pracha Uthit

Chiangmai

SISB is a leading and trusted international school in Thailand with 20 years of experience.

SISB has four campuses in Thailand: Pracha Uthit, Suvarnabhumi, Thonburi and Chiangmai at the north of Thailand.

Suvarnabhumi

Thonburi

Leaders

Our students are principled and display a strong sense of fairness and justice, common traits that can be found in leaders. We forge leadership skills in students by encouraging them to try, learning while reflecting on their mistakes and, ultimately, succeed. It is about personal development and understanding their strengths and weaknesses. It is about taking the necessary risks to find out where their limits end, and where their success begins.

Global Citizens

SISB prepares our students to thrive in any situation, using a holistic approach that goes beyond the boundaries of subjects and classrooms. Our students apply whatever they learn in school to every aspect of their lives. We teach them to be curious, to think creatively and to communicate confidently. Most importantly, we teach them to care and to show empathy to those who need it the most. This is how we nurture true engineers of change.

WHAT MAKES SISB SPECIAL?

Best curricula for K-12

We offer Early Years Foundation Stage, Singapore curriculum, United Kingdom's Cambridge IGCSE and AS/A Level, and the IB Diploma Programme.

Fluency in three languages

We have a trilingual focus in our curriculum. Students are fluent in English and they also gain valuable knowledge in Thai and Chinese.

Excellent foundation in Maths and Science

Singapore curriculum is known for its strength and excellence in these two subjects, which play a major role in a student's future academic development.

Modern and conducive environment

SISB campuses are packed to the brim with amenities that promote the academic and non-academic aspects of our students.

Highly qualified teaching staff

SISB employs only the best and highly experienced educators from around the world.

Internationally recognised

SISB is accredited by and affiliated with organisations such as the Council of International Schools (CIS), Office for National Education Standards and Quality Assessment, International Schools Association of Thailand (ISAT), and International Baccalaureate (IB).

Holistic education for the 21st century

SISB prepares our students for this fast-paced world by equipping them with holistic, 21st-century skills.

A proven pathway to excellence

SISB offers career and university counselling starting from Primary school so that students and parents are able to plan in advance.

THE FIRST SINGAPORE INTERNATIONAL SCHOOL IN CHIANGMAI

SISB Chiangmai is the first world-class international school to offer the Singapore national curriculum in the beautiful city of Chiangmai. We provide an environmentally friendly campus equipped with the very best in modern educational resources. Our team of dedicated educators ensures that every student receives the support and guidance needed to develop, succeed and reach their potential. Our pedagogical approach to teaching, combined with our ability to innovate provides an environment rich with learning opportunity.

At SISB, we realise the importance of a well-rounded holistic education. Our school's guiding statements and the SISB learner profile focus on students developing the skills necessary to succeed and thrive as global citizens.

Our experienced international educators inspire our students to be leaders and embrace their learning journey. We work hard to ensure students reach their full potential in music, art, sports and, of course, excel academically!

STAGE	AGE	CURRICULUM	ASSESSMENT
